**G**et away from the crowd and center yourself at The Island. It's the ultimate nudist backyard—an ideal introduction to nudism and a relaxing getaway for longtime nudists. We're affordable. Bring your own food and beverages—full kitchen and BBQ available. We're one of Florida's oldest nudist resorts, founded in 1948 and often called "the best-kept secret among Florida nudists." We're owned and operated by our members—not for profit but for the enjoyment of members and their guests.

## WE WELCOME VISITORS Find us and re-discover the old Florida

Located in West Central Florida, in the heart of Pasco County's "nudist country," we offer a secure, private, un-hurried, uncrowded, and hassle-free environment for naturists — a refreshing change of pace after visiting the large, commercial clubs nearby. We also offer an excellent environment for individuals just entering into the naturist experience. Our three-acre island is surrounded by water, tall trees, and privacy. We welcome travel clubs and other groups for day visits. We're also a great setting for SCUBA or life drawing classes, as well as nudist weddings.

## Our facilities include...

45-foot heated swimming pool, large screened hot tub with Jacuzzi, paddle tennis court, horseshoe pit, screened clubhouse with indoor dining area, indoor kitchen, outdoor bar-b-ques with a fire ring. You may bring your own food and beverages. Please, no glass near the pool or spa.

## Various social functions

are held throughout the year, including parties, potluck dinners, and other group events. Our "Island Improvement Days" combine volunteer member maintenance work with fellowship and fun. A Yoga-Stretch class is offered twice a month and is open to the public (see our website).
